- 20 Animal Cards
- 30 Vegetable Card
- 36 Special Cards

In BelleShire,
the sun smiles every day,
animals have fun on the farm,
and veggies grow like magic!

It would be a paradise if naughties
Coco and his friend Robbie weren't
always ready to swipe some veggies!

And let's not forget Mina, the tricky
fox, who loves to have fun scaring
away the animals from the farm. If that
wasn't enough, sometimes the drought
comes to mess up the garden!

Even with all these tricky
challenges, do you believe you can
be the best farmer in the shire?

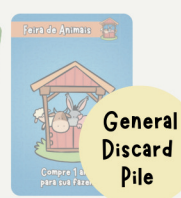

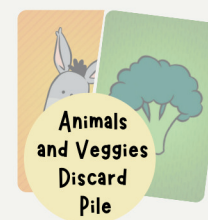

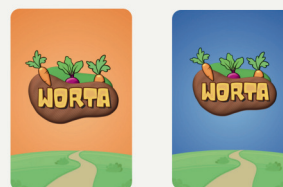

SET UP

- 1** Separate the cards
with different backs

- 2** Shuffle the Animal
Cards (orange deck)
and place the deck in
the middle of the table

Animal Cards Blue Deck

- 3** From the blue deck,
take 2 different
vegetables and place
face up on the table for
each player

- 4** Shuffle the remaining
cards, distribute 2 to each
player, and place the deck
in the centre of the table

Objective

Be the best farmer!

Grow lots of veggies and
collect different animals.

Veggies get points, and if you're the
first to collect four different animals,
you get extra points.

When the game finishes, the farm
with the most points wins!

See how to play here!

Playing

On your turn, the player must perform three actions:

- ① **Take 2 cards from the blue deck**
- ② **Play 2 cards**
- ③ **Pass the turn**

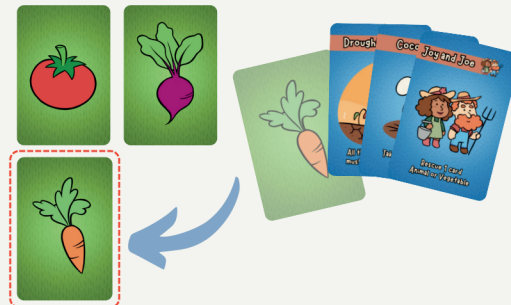

Draw two cards from the blue deck. Pick two out of the four in your hand to play, then pass your turn.

If you can't use any of your card powers, you must discard two cards. Your turn ends with just two cards left in your hand.

PLAYING THE CARDS

Planting Veggies

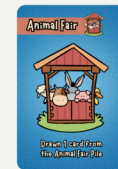

Take the veggie from your hand and place it in your play area.

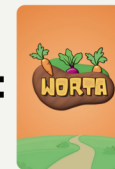

Collecting Animals

To collect animals, use the Animal Fair card. Discard it on the General Discard pile and take ONE card from the Animal pile. Place the animal in your play area.

You can have only ONE of each type of animal on your farm.

=

If you already have the animal, discard it into the Animal and Veggie Discard pile.

Using the Special Cards

Play the card's power and discard it into the General Discard Pile.

Take a veggie from other farm
You choose the veggie.
Plant it in your farm

Take 2 veggies from one farm or 1 from two farms
You choose the veggies
Plant them in your farm

All other players discard 1 veggie

The players choose the veggie to discard

Choose a player to discard 1 animal

You choose the animal to be discarded

Retrieve one vegetable or one animal from the discard pile back to the farm

Place the barn on 4 different veggies to protect them from bunnies and drought

Tips:

- Place animals and veggies in a separate discard pile for easier retrieval when needed.
- If the blue deck runs out, shuffle the General Discard Pile plus the Vegetable cards discarded and rebuild the deck.

End of the Game

The game ends when a player collects 4 different animals. The winner is the farmer with the most points on their farm.

Counting Points

Planted Veggie = 1 point
4 different animals = 4 points*

*Only the FIRST player to complete the set of 4 different animals will earn an additional 4 points for their farm. The other players will not add points for their animals.

In the event of a tie, the player who completed the set of animals is declared the winner. If the tie is between players who didn't have the complete set, the winner is the one with the most animals on the farm.
